### THE REVISED SOCIAL PRINCIPLES: THE COMMUNITY OF ALL CREATION (ABRIDGED)

#### I. Creation in Peril

- A. Destruction of Ecosystems—Overconsumption, shortsighted policies, poor management of natural resources, and other unsustainable practices have severely impacted the fragile, natural ecosystems on which all life depends.
- B. Global Warming and Climate Change
- C. Dependence on Fossil Fuels

#### II. Stewardship of Creation

- A. Environmental Racism—The negative impacts of the damaged natural world disproportionately affect marginalized communities, especially indigenous people and people of color.
- B. Sustainable Policies and Practices
- C. Food Justice—Sustainable food systems are urgent priorities. We support cooperative, open-source efforts aimed at making traditional seed varieties available to those that need them.
- D. Caring for All Creatures
- E. Protecting Space
- F. Affirming Science and Traditional Wisdom
